MEMORANDUM FOR: Director of Personnel

FROM : Clifford D. May, Jr.
Director of Data Processing

SUBJECT : Exception To Existing Hiring Rates -
[REDACTED]

REFERENCE : ODP Memorandum 2052-76, Dated 15 October 1976,
Same Subject

1. The Office of Data Processing requests that Mr. Bill [REDACTED] be hired at the GS-14, step 5 (\$32,557) level. The GS-14, step 2 salary rate, requested in reference is unacceptable to [REDACTED]

2. By a combination of circumstances, a misunderstanding arose between [REDACTED] and ODP centering around his being interviewed by ODP for two different positions. When interviewing for the second position, [REDACTED] assumed that a salary in the area of GS-14, step 7 would be considered while ODP was considering a salary of GS-14, step 2, our original request. [REDACTED] qualifications are sufficiently unique that we believe an offer of GS-14, step 5 is justified. We will not meet his request for the step 7 level. We are not positive that he will accept this amount but it is all we are prepared to offer.
